## WESTERLY TOWN COUNCIL

To See that Amusement License Fees are Collected in Advance—Associate Committee for Health Officer—Thriving Freight Business on A. & W. Road—Baseball Prospects.

The town council of Westerly met Monday, President William L. Clarke presiding, and Councilmen Maurice W. Flynn, William C. Clarke, Maxson, Albert H. Langworthy, Horace C. Burdick and Wayland Saunders in attendance. The minutes of the previous meetings, regular and special, were approved as read by Town Clerk Everett E. Whipple.

Bills amounting to \$256.53, presented by Ellery Barber, overseer of the poor, were ordered paid. Mr. Barber announced receipt of \$13.06 from estate of John Aiken. Bills of the highway committee to the amount of \$276.89 were ordered paid.

President Clarke said that George W. Burdick had asked permission to manufacture and sell ice cream, and desired to know if it were necessary to take out a license. As none was required no action was taken.

Bills of \$442.29 from the water department were ordered paid, as were sundry other bills from various sources, including several for fumigating premises and special police duties in connection with diphtheria cases to the amount of \$137.34.

The bills of Dr. J. Howard Morgan to the amount of \$16.50, which had been referred to the school committee, were returned. The bills were for the examination of school children for contagious diseases, which were sent to Dr. Morgan by the school teachers. Dr. R. B. Smith, representing the school committee, explained that the cases should have been referred to the town physician, if there were such an officer, but as there were none, the town should pay the bills from monies other than the appropriation for schools. The bills were approved by the health officer. The bills were ordered paid. Dr. Smith was requested to ask the superintendent of schools to instruct the teachers that in the future when pupils are suspected of contagious disease, they be sent home, not to return without a physician's certificate, and to give teachers to understand that they had no right to send children to a physician and expect the town to pay the bills.

Chief of Police Bramfield reported on street lights and entertainments, and also the work of the police for month of February. There were nine arrests and one liquor raid. The report gave the details of each case, including the action of the court.

Town Solicitor Agard reported on the matter of fees for entertainments, stating that he had been unable to make collections. Fees have not been paid for more than a year, no license had been issued, and the state treasurer has made demand for the state's proportion of the fees. The penalty for giving an entertainment without license is \$200 for each offense.

Mr. Agard suggested that notice be given that license must be taken out in the future before performances are given, or the law would be enforced. It was so agreed, and Mr. Agard was instructed to take steps to collect license fees already due the town from the Silven Opera house.

The town clerk was directed to give

notice that beginning with March 14 license for all public entertainments must be procured in advance, as required by law, and that after that date violators of the law would be prosecuted.

Lewis Stanton, health officer, made request that a committee of the town council be appointed to act with him in a matter pertaining to the public health, and Messrs. Burdick and Culley were selected as the committee.

It is understood that it is contrary to law to keep swine within the compact part of the town, and that the law is flagrantly violated in Little Italy, where diphtheria is prevalent. He is taking heroic action in this matter, the health officer desires the co-operation of the town council.

During the past of the First Artillery there have been eight cases of diphtheria, one fatal; one case of scarlet fever, one of typhoid fever and several cases of measles. Monday morning a new case of diphtheria was reported in a family in Pleasant street, where there are four other children in the family. The strictest quarantine is kept on the infected premises.

The matter of appointing forest and fire wardens for the preservation of the forests from fires was deferred until the next meeting.

Westerly coast artillerymen have opportunity to compete for promotion, as Fifth company, Westerly, Coast Artillery district is to give the enlisted men of his command a chance to become members of the non-commissioned staff. He is to have a competitive examination held for the purpose of determining the men who are qualified to fill the positions.

While there is considerable passenger traffic on the Ashaway and Westerly trolley road, the freight business is quite important. The trolley has all the freighting for the Pawcatuck mills and the Ashaway clay works, including the carrying of coal, is done over this route. The trolley carries large coal laden cars have been transferred from the New York, New Haven and Hartford road to the trolley line and delivered in the mill yard.

As Potter Hill and Ashaway are far removed from the steam road and material used in these plants and produced by the trolley is carried by teams to and from Westerly, the change is beneficial to the manufacturers as well as to the trolley company.

Westerly is corraling some of its best baseball players for the home team in the Rhode Island-Connecticut league for the coming season. Frank Foley and "Red" Rhodes, both Westerly boys, who caught and pitched on the Stonington team last season, have been secured to play on the home team last season, and will do likewise has no superior of his age with the big hit behind the bat. He captained the champion Westerly High school team last season, and did likewise again, as there is no conflict in the school league schedule and that of the bi-state league.

Prentice Chase, catcher for Westerly the past two seasons, and a crack-jack behind the bat, has gone to Fall River and will be given a tryout on the team of that city in the New England league.

### Local Laconics.

Mrs. John McDonald is critically ill at her home in Moss street.  
Mrs. George W. Mansfield returned Monday from a visit or several weeks in Erie, Pa.

The first flock of geese has been seen and heard flying northward, and robins are reported in the city.

There is much local interest in the championship basketball game between New London and Mystic teams, to be played in Westerly Thursday evening.

Ten chambers are to be added to the kiln of the Ashaway Clay company, and the capacity of the plant will be increased 200,000 bushels at each charge, nearly doubling the present capacity.

Clark B. Saunders, a former Westerly resident, died Sunday in Burlington, Vt., where he has been boss finisher of the American Woolen company. He was the son of Nathan H. Saunders.

There is a probability that Orville G. Barber and W. Hoxie, who own buildings on leased land, has been sold to the Watch Hill fire district, for the improvement of that resort, will test the legality of the removal of their shacks.

### Housing Diplomats Abroad.

Friends of the proposition that the government house its diplomatic representatives where they are accredited were in the minority in the house on Wednesday. It was not a good time for its presentation. The popular cry is economy, and we are running close-hauled to the wind. Even with the new tariff bill behaving well and promising to do better, all appropriations are being carefully scanned. Not at this time is Uncle Sam considered rich enough to give all a house. Some other night.

That the government should be represented abroad by men of high intellectual class needs no argument. That, in the main, it has been, and is now, so represented, cannot be denied. But equally true is it that they have always been, and are now being, underpaid. Their salaries are small, and they receive nothing but their salaries from the government. If they live well and support suitably the obligations imposed upon them, it is at their own expense. Some of them are out of pocket considerably, though making no complaint.

Those who have interested themselves in the subject solely from the observer's standpoint would be glad to see not only houses built but salaries raised, for American ambassadors and ministers. That, they think, would do justice to the men appointed to such posts, and silence the assertion that only millionaires can afford such service. Such laborers, as well as all others, are worthy of their hire. Let the government pay adequately for what it needs in one of the most important branches of its scheme.

### Washington Star.

What do trees do for us besides affording us shade? They help to keep the air pure. The leaves of the trees absorb the carbonic acid gas in the air and prevent it from accumulating in dangerous quantities. They furnish us with one of the most striking and permanent forms of beauty. With stately grace, with fine proportions, what variety of expression, and what unconscious dignity may be seen in well developed trees! How they beautify and glorify every landscape. New London Telegraph.

### With Both Feet.

T. R. is scheduled to land in New York about the middle of June. After that he will land on everything that comes within his reach.—Houston Post.

### Uncle Joe is Waking Up.

Anyways, Mr. Cannon is beginning to have suspicions that he is not the whole house.—Indianapolis News.

### Mechanics Clothing Co.

dec15d  
Westerly, R. I.

## BRIEF STATE NEWS

**Meriden.**—During February, 1909, the postoffice receipts were \$30,801.85 and in 1910 they amounted to \$39,172.80.

**Rockville.**—John Kress, who has been boss dyer at the Springfield mill for nineteen years, has resigned.

**Waterbury.**—The rites of confirmation were administered to nearly 150 candidates in three Episcopal churches of Waterbury Sunday by the Rt. Rev. Chauncey Brewster, D. D.

**Danbury.**—Rev. William Gildea of St. John's church, Torrington, will be the preacher at St. Peter's Catholic church at the Lenten service next Wednesday evening.

**Hartford.**—Frederick E. Dickerman, superintendent of the capitol, has been confined to his home in Winsted for the past week with inflammatory rheumatism.

**Torrington.**—Mauder's Lenten cantata, Penitence, Pardon and Peace, was rendered at the 5 o'clock service at Trinity church Sunday afternoon by the choir.

**Milford.**—The Hungarian partridges which were liberated in the woods some time ago have been fed by members of the Game and Fish Protection association, who have taken bags of food into the woods for the birds.

**Bridgeport.**—Through the activities of Andrew Cragh, secretary of the State Gaelic Football League, two juvenile teams have been formed in this city to play the popular Gaelic game, while there are excellent prospects of a third within a short time.

**Naugatuck.**—The fondness for throwing peanuts and other articles of a small but harmful nature toward men at the moving picture shows resulted in a protest being made to the management of the show Saturday night in an effort to have the practice stopped.

**Hawleyville.**—The New York, New Haven and Hartford railroad has awarded the contract for the double tracking of the line on its Berkshire division from Hawleyville to Botsford and will soon award a contract for extension.

## COAL

**Easton.**—A farmers' institute will be held Friday, March 11, at Easton Center. The speakers will be E. B. Flitts of the State Agricultural college on Dairying; E. Rodgers of Southington, president of the State Pomological society, on Fruit Growing; and Harrison Hamilton of Ellington on Poultry.

**Bethel.**—Additional memorial gifts received by St. Thomas' church include a silver lavabo for the communion service, a processional cross of brass with oak staff, a pair of altar vases of brass and two brass alms basins.

**Beware of Ointments for Catarrh That Contain Mercury.**  
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used, except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle.  
Take Hall's Family Pills for constipation.

## A Night Alarm.

Worse than an alarm of fire at night is the metallic cough of croup, bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. Foley's Honey and Tar has saved many little lives and is the only safe preparation for children, as it contains no opiates. The Lee & Osgood Co.
